“The Research and Development (R&D) Committee”

Introduction:

The College promotes and supports for research activities are integral to advancing academic and technological progress. The Research and Development (R&D) Committee has been established to foster a research-driven environment, ensure alignment with the Indian Knowledge System (IKS), and facilitate the transfer of knowledge and technology. This committee plays a vital role in developing research policies, supporting innovative projects, and enhancing collaborative efforts with external partners.

Aims and Objectives:

1. **To develop and implement research policies and strategies** that align with institutional goals and promote effective research practices.
2. **To support research projects related to IKS and innovative areas** by providing necessary resources and guidance.
3. **To facilitate partnerships and collaborations** with research organizations and industry stakeholders to enhance research opportunities and outcomes.
4. **To review and approve research proposals** and funding to ensure they meet the institution's standards and objectives.
5. **To promote a research culture** within the institution by engaging faculty and students in impactful and relevant research activities.

Research and Development (R&D) Committee:

Purpose: To promote and support research activities, ensure alignment with IKS, and facilitate knowledge and technology transfer.

Members:

- Dr. R.S. Wankhade
- Dr. Ajay Mohod
- Dr. V.G. Ambhore
- Shri. Rakhmaji Jadhav
- Mr. Dinesh Jadhav

Responsibilities:

- Develop and implement research policies and strategies
- Support research projects related to IKS and other innovative areas
- Facilitate partnerships and collaborations with research organizations
- Review and approve research proposals and funding

Conclusion:

The Research and Development (R&D) Committee at Siddharth Library and Information Science College, Padegaon, is essential for driving the institution's research agenda. By focusing on research policy development, supporting IKS-related projects, and fostering external collaborations, the committee ensures that research activities are impactful and aligned with the college's mission. Through its comprehensive approach, the R&D Committee enhances the institution's ability to contribute to knowledge creation and technology transfer, reinforcing its commitment to academic excellence and innovation.

The Indian Knowledge System (IKS)

Introduction:

The integration of the Indian Knowledge System (IKS) into academic curricula and research is essential for preserving and promoting traditional knowledge and cultural heritage. As part of this initiative, the college has established an IKS Committee dedicated to incorporating these ancient insights into modern education. This committee aims to enrich the academic experience, bridge traditional knowledge with contemporary learning, and foster research that honors India's rich cultural legacy. By embedding IKS elements into various academic programs, the college seeks to enhance students' understanding of traditional wisdom and its relevance in today's world.

Aims and Objectives:

1. **Incorporate IKS:** Integrate Indian Knowledge System elements into the college curriculum to provide a holistic educational experience.
2. **Facilitate Research:** Promote and support research projects that explore and apply traditional Indian knowledge.
3. **Organize Educational Events:** Host lectures, seminars, and workshops to disseminate IKS knowledge among students and faculty.
4. **Collaborate with Experts:** Establish partnerships with external scholars and organizations to advance IKS research and education.
5. **Engage Students:** Involve students in IKS studies and activities to foster a deeper connection with traditional knowledge.

Purpose: To integrate and promote the Indian Knowledge System within the curriculum and research initiatives.

Members:

- Dr. Ajay Mohod
- Dr. V.G. Ambhore
- Mr. Shubham Sadawarte.
- Mr. Ganesh Ragade
- Mr. Shubham Shirsath

Responsibilities:

- Develop and review curriculum incorporating IKS elements
- Organize lectures, seminars, and workshops on IKS topics
- Promote research and projects related to Indian traditional knowledge
- Collaborate with external experts and organizations focused on IKS

Conclusion:

The establishment of the IKS Committee reflects the college's commitment to integrating traditional Indian knowledge with contemporary academic practices. Through curriculum development, research promotion, and educational events, the committee aims to preserve and disseminate valuable insights from the Indian Knowledge System. By fostering collaboration with experts and engaging students, the college aspires to create a learning environment that respects and incorporates India's rich cultural heritage, ensuring that students benefit from a well-rounded educational experience that bridges the past and the present.

Innovation and Incubation Committee

Introduction:

The College recognizes the importance an innovative environment to support and nurture entrepreneurial activities. The college has established the Innovation and Incubation Committee, a dedicated body designed to oversee the operations of the Innovation and Incubation Center. This committee plays an important role in supporting the development and commercialization of innovative ideas, thereby enhancing the college's commitment to advancing technology and entrepreneurship.

Aims and Objectives:

1. **To develop and implement policies and programs** that supports the effective operation of the Innovation and Incubation Center.
2. **To facilitate mentorship and provide funding** to assist startups and entrepreneurial ventures within the institution.
3. **To organize workshops, seminars, and networking events** aimed at fostering innovation and collaboration among students, faculty, and industry professionals.
4. **To monitor and evaluate the performance and outcomes** of incubated projects to ensure they meet established goals and contribute to the College's objectives.
5. **To promote and support entrepreneurial activities** that aligns with the college's mission of advancing knowledge and technology transfer.

Purpose: To oversee the functioning of the Innovation and Incubation Center, support entrepreneurial activities, and facilitate the development and commercialization of innovative ideas.

Members:

- Dr. Ajay Mohod
- Mr. Shubham Sadawarte
- Mr. Ganesh Ragade, Mrs. Sulbha Janjal.

Report on the Three Days Online FDP of "Indian Knowledge System"

Introduction: The Siddharth Library and Information Science College, Padegaon, Aurangabad, successfully conducted a three-day Faculty Development Program (FDP) on "Indian Knowledge System" from January 2 to January 4, 2023. The program, held online, aimed to enlighten participants about the rich heritage and profound insights of ancient Indian knowledge across various disciplines. The event featured distinguished speakers, each an expert in their respective fields, who shared their insights and knowledge on specific topics. The FDP was coordinated by Dr. Raju S. Wankhede and led under the guidance of Principal Dr. Manohar S. Wankhade.

Details of Event:

Date: 2nd January 2023 to 4th January 2023

Venue: Siddharth Library and Information Science College, Padegaon, Aurangabad

Mode: Online

Program Coordinator: Dr. Raju S. Wankhede

Principal: Dr. Manohar S. Wankhade

Day 1: January 2, 2023

Session Topic: Arthashastra

Key Speaker: Dr. Deepmala Biradar, ICEEM College

The inaugural session of the FDP was graced by Dr. Deepmala Biradar, an esteemed scholar from ICEEM College, who presented an in-depth exploration of "Arthashastra." Dr. Biradar commenced the session by providing a historical context of Arthashastra, authored by the ancient Indian scholar Kautilya (Chanakya). She elaborated on the text's significance as one of the earliest treatises on statecraft, economic policy, and military strategy.

Key Points Covered:

- **Historical Background:** The origins and authorship of Arthashastra, highlighting Kautilya's contributions to political philosophy and administration.
- **Economic Principles:** Discussion on the economic policies advocated in Arthashastra, including taxation, trade, and market regulation.

M. Com, M. B. A., M. C. A. M. Phil., Ph. D.

- **Political Strategies:** Insights into the strategies for governance, diplomacy, and warfare as outlined in the text.
- **Relevance Today:** Dr. Biradar emphasized the relevance of Arthashastra's principles in contemporary governance and economic policies, drawing parallels between ancient wisdom and modern practices.

The session concluded with an engaging Q&A segment where participants posed their queries, further enriching the discussion.

Day 2: January 3, 2023

Session Topic: Indian Astronomy

Key Speaker: Prof. Rajesh Auty, CSMSS College Aurangabad

The second day featured Prof. Rajesh Auty from CSMSS College Aurangabad, who delivered an enlightening session on "Indian Astronomy." Prof. Auty began by tracing the historical evolution of astronomy in India, from the Vedic period to the advancements made during the medieval period.

Key Points Covered:

- **Historical Development:** The progression of astronomical knowledge in ancient India, highlighting contributions from scholars like Aryabhata, Varahamihira, and Bhaskara.
- **Astronomical Texts:** Examination of key texts such as Aryabhatiya, Surya Siddhanta, and Brahmasphutasiddhanta, and their impact on both Indian and global astronomy.
- **Astronomical Instruments:** Discussion on ancient instruments like the Jantar Mantar, used for celestial observations and calculations.
- **Cultural Impact:** The influence of astronomy on Indian culture, including its integration into religious practices and calendars.

Prof. Auty's session was highly interactive, with participants actively engaging in discussions about the ancient techniques and their accuracy compared to modern methods.

Day 3: January 4, 2023

Session Topic: Maths from Ancient India

Key Speaker: Prof. Jyoti Dighole, ICEEM College

The concluding session of the FDP was presented by Prof. Jyoti Dighole from ICEEM College, focusing on "Maths from Ancient India." Prof. Dighole's presentation highlighted the profound mathematical knowledge developed in ancient India and its lasting impact on global mathematics.

Key Points Covered:

- **Vedic Mathematics:** Introduction to the sutras of Vedic mathematics and their application in simplifying complex calculations.
- **Contributions of Indian Mathematicians:** Detailed exploration of the works of mathematicians such as Brahmagupta, Bhaskara II, and Srinivasa Ramanujan.
- **Mathematical Concepts:** Discussion on the development of zero, the decimal system, algebra, and trigonometry in ancient India.
- **Legacy and Influence:** How ancient Indian mathematics influenced later developments in the Islamic world and Renaissance Europe.

Prof. Dighole's session was met with great enthusiasm, as participants marvelled at the ingenuity and advanced nature of ancient Indian mathematical concepts.

Overall: The three-day online FDP on the "Indian Knowledge System" provided a comprehensive overview of India's rich intellectual heritage, covering critical areas such as statecraft, astronomy, and mathematics. Each session offered deep insights into ancient Indian contributions and their relevance in contemporary times. The program, coordinated by Dr. Raju S. Wankhede and guided by Principal Dr. Manohar S. Wankhade, was a resounding success, leaving participants enriched and inspired to delve deeper into India's vast knowledge traditions

Invitation Letter

Date: 26-12-2022

To,

Dr. Deepmala Biradar

ICEEM College,

Aurangabad.

Dear Dr. Biradar,

It is with great pleasure that we extend our heartfelt invitation to you to be a distinguished speaker at our upcoming Three Days Online Faculty Development Program (FDP) on the Indian Knowledge System, scheduled to take place from January 2, 2023, to January 4, 2023. This esteemed event will be hosted by Siddharth Library and Information Science College, Padegaon, Aurangabad.

We are honoured to invite you to present on the topic of "Arthshastra" on January 2, 2023. Your extensive knowledge and expertise in this field make you an ideal speaker to provide valuable insights and enrich the understanding of our participants. Your contribution will undoubtedly add immense value to our program and inspire our attendees.

We believe that your participation will greatly benefit the attendees and contribute to the overall success of the FDP. We kindly request you to confirm your availability at your earliest convenience. Upon confirmation, we will provide you with further details regarding the online platform and session timings.

We are eagerly looking forward to your positive response and are confident that your session will be a significant highlight of our program. Should you have any queries or require additional information, please do not hesitate to contact us.

Thank you for considering our invitation. We sincerely hope you will honour us with your presence and expertise.

Warm regards,

Principal

To,
Prof. Rajesh Auty
CSMSS College,
Aurangabad.

Dear Prof. Auty,

We are delighted to extend an invitation to you to serve as a distinguished speaker for our upcoming Three Days Online Faculty Development Program (FDP) on the Indian Knowledge System. This event is scheduled to be held from January 2nd to January 4th, 2023, and will be hosted by Siddharth Library and Information Science College, Padegaon, Aurangabad.

Given your esteemed expertise and profound knowledge in the field of Indian Astronomy, we would be honoured if you could deliver a lecture on "Indian Astronomy" on January 3rd, 2023. Your participation and insights would greatly enhance the learning experience for our attendees and contribute significantly to the success of the FDP.

The objective of this FDP is to provide an in-depth understanding of various facets of Indian Knowledge Systems and their contemporary relevance. We are confident that your session on Indian Astronomy will offer invaluable perspectives and stimulate engaging discussions among the participants.

Please let us know if there are any specific requirements or arrangements you may need for your participation. We are committed to ensuring a smooth and productive experience for you.

We look forward to your positive response and to the opportunity of having you share your expertise with our academic community.

Warm regards,

R. Auty

To,

Prof. Jyoti Dighole

ICEEM College,

Aurangabad.

Dear Prof. Dighole,

We are pleased to invite you to be a distinguished speaker at our upcoming online Faculty Development Program (FDP) on the Indian Knowledge System. This event will take place from January 2nd to January 4th, 2023, and will be hosted by Siddharth Library and Information Science College, Padegaon, Aurangabad.

Given your extensive expertise and research in the field, we would be honoured if you could deliver a lecture on "Maths from Ancient India" on January 4th, 2023. Your insights and knowledge will be instrumental in enhancing the learning experience of our participants and contributing significantly to the success of our program.

The FDP aims to provide a comprehensive understanding of various aspects of the Indian Knowledge System and their relevance in contemporary contexts. We believe that your presentation on ancient Indian mathematics will offer valuable perspectives and inspire meaningful discussions among the attendees.

Please let us know if there are any specific requirements or if you need any assistance with the online setup. We are happy to provide any support necessary to facilitate your participation.

We look forward to your positive response and hope to have the privilege of hosting you for this enriching event.

Warm regards,

Jyoti Dighole

Dear Dr. Biradar,

I am writing to express our sincere gratitude for your outstanding presentation on the "Arthshastra" during the three-day online Faculty Development Program (FDP) on "Intellectual Property Rights" held from January 02, 2023, to January 04, 2023, at Siddharth Library and Information Science College, Padegaon, Aurangabad.

Your insightful lecture on January 02, 2023, highlighted the critical importance of integrating knowledge and methodologies from various disciplines to achieve comprehensive and innovative research outcomes. The examples of successful interdisciplinary projects and the strategies you provided for fostering collaboration among researchers were particularly enlightening and have left a lasting impact on all the participants.

We deeply appreciate the time and effort you dedicated to preparing and delivering such a compelling presentation. Your expertise and practical advice have provided our faculty members and researchers with valuable tools and perspectives that will undoubtedly enhance their research endeavours. The session's interactive nature and your thoughtful responses to the participants' questions further enriched the learning experience.

Thank you once again for contributing to the success of our FDP. We look forward to the possibility of future collaborations and hope to continue benefiting from your vast knowledge and experience.

Report on One-Day Online Workshop on Indian Knowledge System

Introduction: On 29th August 2020, an insightful one-day online workshop on the Indian Knowledge System was conducted. The event was hosted by Siddharth Library and Information Science College, Padegaon, Aurangabad, with Dr. Milind Athawale serving as the Coordinator and Dr. Madhukar K. Tajne as the Principal. The session was delivered by Dr. Deepmala Biradar from ICEEM College.

Details of Workshop:

Date: 29th August 2020

Mode: Online

Venue: Siddharth Library and Information Science College, Padegaon, Aurangabad

Speaker: Dr. Deepmala Biradar, ICEEM College

Objectives of the Workshop: The primary objectives of the workshop were to:

- Enhance understanding of the Indian Knowledge System and its historical evolution.
- Explore the relevance of Indian Knowledge Systems in contemporary contexts.
- Discuss the integration of traditional knowledge with modern practices.

Session Overview

a. Welcome and Introduction: The workshop commenced with a welcome address by Dr. Milind Athawale, who introduced the speaker and outlined the significance of the workshop. Dr. Madhukar K. Tajne provided opening remarks, emphasizing the importance of understanding and preserving traditional knowledge systems.

b. Keynote Presentation by Dr. Deepmala Biradar: Dr. Deepmala Biradar delivered a comprehensive presentation on the Indian Knowledge System, covering the following key areas:

- **Historical Context and Evolution:** Dr. Biradar began with an overview of the origins and development of Indian Knowledge Systems, highlighting ancient texts, philosophical contributions, and the role of scholars throughout history.

Principal
Dr. Madhukar K Tajne

- **Core Components:** The discussion included the major components of the Indian Knowledge System such as Vedas, Upanishads, Puranas, and the contributions of various schools of thought.
- **Integration with Modern Practices:** Dr. Biradar emphasized how traditional knowledge could be integrated with modern scientific and technological advancements. She highlighted examples of traditional practices in agriculture, medicine, and environmental conservation that have contemporary relevance.
- **Challenges and Opportunities:** The session addressed the challenges faced in preserving and promoting traditional knowledge, including the impact of globalization and modernization. Dr. Biradar also discussed opportunities for fostering a greater appreciation and application of Indian Knowledge Systems in modern contexts.

c. Interactive Discussion and Q&A: Following the presentation, an interactive discussion was held, where participants engaged with Dr. Biradar through a Q&A session. Key questions focused on the practical applications of traditional knowledge and ways to promote its integration into current educational curricula.

d. Closing Remarks: The workshop concluded with closing remarks from Dr. Madhukar K. Tajne, who expressed gratitude to Dr. Biradar for her insightful presentation and to all participants for their engagement. Dr. Milind Athawale provided a summary of key takeaways and encouraged attendees to apply the insights gained in their academic and professional pursuits.

Participant Feedback: Feedback from participants highlighted the workshop's effectiveness in providing a deeper understanding of the Indian Knowledge System. Attendees appreciated the relevance of the content and the engaging presentation style of Dr. Biradar. The interactive Q&A session was particularly valued for its opportunity to clarify concepts and discuss practical applications.

Dear Dr. Biradar,

Subject: Sincere Thanks for Your Contribution to the Online Workshop on "Indian Knowledge System".

On behalf of Siddharth Library and Information Science College, Padegaon, Aurangabad, I would like to extend our heartfelt gratitude for your exceptional contribution as a keynote speaker at our one-day online workshop on "Indian Knowledge System," held on 29-08-2020.

Your presentation was both inspiring and enlightening, providing our participants with valuable insights and practical strategies for personal growth. The feedback we received from attendees was overwhelmingly positive, highlighting how your expertise and engaging approach significantly enhanced their understanding and appreciation of personality development.

We truly appreciate the time and effort you invested in preparing and delivering such a comprehensive and impactful session. Your contribution has not only enriched the workshop but has also made a lasting impression on all who attended.

Once again, thank you for your valuable participation and support. We look forward to the possibility of collaborating with you in future endeavours.

Warm regards,

Principal

ICEEM College,

Aurangabad.

Dear Dr. Saha,

We are delighted to extend an invitation to you as a distinguished speaker for an upcoming one day online workshop on "Vedas and Science," scheduled for September 19, 2020, hosted by Siddharth Library and Information Science College, Padegaon, Aurangabad.

Given your profound knowledge and research in this field, we believe your contribution would be immensely beneficial to our participants. We are eager to hear your insights and foster a deeper understanding of the connection between Vedas and scientific principles.

We kindly request you to confirm your availability for this event at your earliest convenience.

Warm regards,

Report on One-Day Online Workshop on Vedas and Science

Introduction: On 19th September 2020, Siddharth Library and Information Science College, Padegaon, Aurangabad, hosted an online workshop titled "Vedas and Science." The session was led by Dr. Gautam Saha from ICEEM College, with Dr. Milind Athawale serving as the Coordinator and Dr. Madhukar K. Tajne as the Principal.

Details of Workshop:

Date: 19th September 2020

Mode: Online

Venue: Siddharth Library and Information Science College, Padegaon, Aurangabad

Coordinator: Dr. Milind Athawale

Principal: Dr. Madhukar K. Tajne

Speaker: Dr. Gautam Saha, ICEEM College

Objectives of the Workshop: The workshop aimed to:

- Examine the connections between Vedic knowledge and scientific principles.
- Explore how Vedic texts can contribute to contemporary scientific understanding.
- Discuss the relevance and application of Vedic knowledge in modern scientific research.

Session Overview

1. **Welcome and Introduction:** The workshop began with a welcome address by Dr. Milind Athawale, who introduced Dr. Gautam Saha and outlined the objectives of the workshop. Dr. Madhukar K. Tajne provided an introductory overview, highlighting the significance of exploring the relationship between ancient Vedic wisdom and modern science.
2. **Keynote Presentation by Dr. Gautam Saha:** Dr. Gautam Saha delivered an enlightening presentation on the interplay between Vedas and science, covering the following key points:
 - **Historical Context of Vedic Knowledge:** Dr. Saha provided an overview of the Vedas, their historical background, and their significance in ancient Indian culture. He explained

Dr. Madhukar K Tajne

how the Vedas encompass various fields of knowledge, including cosmology, medicine, and mathematics.

- **Scientific Principles in Vedic Texts:** The presentation explored how certain principles described in Vedic texts align with modern scientific concepts. Dr. Saha discussed examples such as the Vedic understanding of the cosmos, the concept of time, and early theories of natural phenomena.
 - **Case Studies and Examples:** Dr. Saha highlighted specific case studies where Vedic knowledge has parallels with contemporary scientific discoveries. These included ancient descriptions of the solar system, theories of matter, and medicinal practices.
 - **Integration and Modern Implications:** The session addressed how ancient Vedic knowledge can be integrated with current scientific research. Dr. Saha discussed potential areas for further exploration and the benefits of incorporating traditional wisdom into modern scientific practices.
3. **Interactive Discussion and Q&A:** Following the presentation, an interactive discussion session was held. Participants engaged with Dr. Saha through a Q&A segment, addressing questions about the practical applications of Vedic knowledge in scientific research and its implications for future studies.
4. **Closing Remarks:** The workshop concluded with closing remarks from Dr. Madhukar K. Tajne, who expressed appreciation for Dr. Saha's informative presentation and the active participation of attendees. Dr. Milind Athawale summarized the key insights from the workshop and encouraged participants to further explore the integration of Vedic wisdom with scientific inquiry.

Participant Feedback: Feedback from participants indicated that the workshop was highly informative and engaging. Attendees valued the exploration of Vedic knowledge and its relevance to modern science. The interactive nature of the session and the clarity of Dr. Saha's presentation were particularly appreciated.

The one-day online workshop on "Vedas and Science" successfully met its objectives of exploring the connections between ancient Vedic knowledge and modern scientific principles. The

One Day Workshop Report on Ancient Mathematics of India

Introduction: On March 3, 2020, a one-day workshop on Ancient Mathematics of India was held at Siddharth Library and Information Science College in Padegaon, Aurangabad. The event was organized under the coordination of Dr. Milind Athawale and with the guidance of Principal Dr. Madhukar K. Tajne. The workshop aimed to explore the rich heritage of Indian mathematics and its contributions to modern mathematical thought. The keynote speaker for the workshop was Dr. C.S. Padmavat from ICEEM College, a distinguished scholar in the field of ancient mathematics.

Details of Workshop:

Date: March 3, 2020

Venue: Siddharth Library and Information Science College, Padegaon, Aurangabad

Coordinator: Dr. Milind Athawale

Principal: Dr. Madhukar K. Tajne

Speaker: Dr. C.S. Padmavat, ICEEM College

Objectives of the Workshop: The primary objectives of the workshop were:

1. To introduce participants to the significant contributions of Indian mathematicians to the field of mathematics.
2. To discuss ancient mathematical concepts and their relevance to modern-day mathematics.
3. To enhance the understanding of mathematical heritage and inspire further study and research in the field.
4. To provide a platform for academic discussion and knowledge exchange on ancient mathematical theories and practices.

Inaugural Session: The workshop began with an inaugural session where Dr. Madhukar K. Tajne, the Principal of Siddharth Library and Information Science College, welcomed the participants and emphasized the importance of understanding and appreciating the contributions of ancient Indian mathematicians. Dr. Milind Athawale, the workshop coordinator, provided an overview of the day's schedule and outlined the objectives of the workshop.

Keynote Address: Dr. C.S. Padmavat delivered an enlightening keynote address that set the tone for the workshop. His talk focused on the historical development of mathematics in India and the significant contributions made by Indian mathematicians to various mathematical concepts and theories.

Key Points from the Keynote Address:

- **Historical Perspective:** Dr. Padmavat provided a comprehensive overview of the history of mathematics in India, tracing its development from ancient times to the medieval period.
- **Contributions of Indian Mathematicians:** He highlighted the contributions of renowned Indian mathematicians such as Aryabhata, Brahmagupta, Bhaskara II, and Madhava of Sangamagrama, among others.
- **Mathematical Concepts:** Dr. Padmavat discussed various ancient Indian mathematical concepts, including the decimal system, zero, algebra, trigonometry, and calculus.
- **Applications in Modern Mathematics:** He explained how these ancient concepts have influenced and shaped modern mathematical theories and practices.
- **Mathematical Texts:** Dr. Padmavat emphasized the importance of ancient mathematical texts such as the Sulbasutras, Aryabhatiya, Brahmasphutasiddhanta, and Lilavati, and their role in preserving mathematical knowledge.

Interactive Session: Following the keynote address, an interactive session was held where participants engaged in discussions and posed questions to Dr. Padmavat. This session provided valuable insights into the practical applications of ancient mathematical concepts and their relevance in contemporary mathematics.

Workshops and Activities: Several workshops and activities were conducted throughout the day to provide hands-on learning and practical insights into ancient Indian mathematics:

- **Mathematical Problem-Solving:** Participants were given mathematical problems based on ancient Indian texts to solve, fostering a deeper understanding of the concepts discussed.
- **Text Analysis:** A session was dedicated to analyzing selected passages from ancient mathematical texts, highlighting their mathematical significance and historical context.

- **Panel Discussion:** A panel discussion featuring scholars and experts in the field of mathematics was organized to discuss the impact of ancient Indian mathematics on global mathematical thought and its continued relevance today.

The one-day workshop on Ancient Mathematics of India concluded with a valedictory session where participants shared their feedback and key takeaways from the event. Dr. Milind Athawale thanked Dr. C. S. Padmavat for his enlightening session and all the participants for their active engagement. Principal Dr. Madhukar K. Tajne emphasized the need for continued study and appreciation of ancient mathematical heritage and encouraged participants to delve deeper into the rich history of Indian mathematics.

Report on the Three-Day Online FDP on "Intellectual Property Rights"

Introduction: The Siddharth Library and Information Science College, Padegaon, Aurangabad, organized a three-day online Faculty Development Program (FDP) on "Intellectual Property Rights" from January 3rd to January 5th, 2022. The program aimed to enhance the knowledge and understanding of intellectual property rights (IPR) among faculty members. The sessions covered various aspects of IPR, including patenting, plagiarism, and the Copyright Act of 1957. The event was coordinated by Dr. Raju S. Wankhede under the leadership of Principal Dr. Manohar S. Wankhade.

Details of Event:

Date: 03rd January 2022 to 5th January 2022

Venue: Siddharth Library and Information Science College, Padegaon, Aurangabad

Mode: Online

Program Coordinator: Dr. Raju S. Wankhede

Principal: Manohar S. Wankhade

Day 1: Patenting

Date: 03/01/2022

Key Speaker: Prof. Shivam Gavande, ICEEM College

Topic: Patenting

Session Overview: The first day of the FDP was dedicated to the topic of patenting, with Prof. Shivam Gavande as the key speaker. Prof. Gavande, an esteemed professor from ICEEM College, brought extensive experience in the field of intellectual property to the session. His expertise provided participants with a thorough understanding of patents and their significance in the realm of innovation and intellectual property rights.

Key Insights:

Introduction to Patents: Prof. Gavande began the session by explaining the fundamentals of patents. He defined a patent as a form of intellectual property that grants the patent holder exclusive rights to an invention, typically for a period of 20 years from the filing date. The speaker highlighted the importance of patents in protecting inventions, which in turn encourages innovation by providing

inventors with a temporary monopoly to commercialize their inventions without the fear of immediate competition.

Key Points Covered:

- **Definition and Purpose:** Patents are legal instruments that protect new inventions by granting exclusive rights to the inventor.
- **Criteria for Patentability:** Prof. Gavande explained the three main criteria for an invention to be patentable: novelty, non-obviousness, and industrial applicability.
- **Types of Patents:** The session covered different types of patents, including utility patents, design patents, and plant patents.

Patent Application Process: The session then delved into the patent application process, detailing each step involved from the initial idea to the granting of a patent. Prof. Gavande emphasized the importance of thorough documentation and careful preparation throughout this process to ensure a successful patent application.

Steps in the Patent Application Process:

1. **Idea Generation and Documentation:** The importance of documenting the invention process meticulously was emphasized.
2. **Patent Search:** Conducting a thorough patent search to ensure the invention is novel and has not been patented before.
3. **Drafting the Patent Application:** Tips for writing a comprehensive and clear patent application, including the title, abstract, background, summary, and detailed description of the invention.
4. **Filing the Application:** The process of filing the patent application with the relevant patent office, including choosing between provisional and non-provisional applications.
5. **Examination:** The role of patent examiners in reviewing the application for compliance with patent laws and regulations.
6. **Patent Granting:** The final steps leading to the granting of the patent, including addressing any objections or requirements from the patent office.

Practical Tips:

- Keep detailed records of the invention process.

PRINCIPAL
Siddharth Library and Information Science College

- Conduct a comprehensive prior art search to identify existing patents or publications related to the invention.
- Seek professional assistance from patent attorneys or agents to ensure the application is well-drafted and meets all legal requirements.

Case Studies: To make the concepts more tangible, Prof. Gavande presented several case studies of successful patents. These real-world examples illustrated the practical implications of patenting and provided insights into the strategies employed by inventors to secure patents for their innovations.

Case Study Highlights:

- **Case Study 1:** A breakthrough medical device and the strategic steps taken to patent the invention.
- **Case Study 2:** An innovative software algorithm and the challenges overcome in securing a patent.
- **Case Study 3:** A novel industrial process and the impact of patent protection on commercial success.

Q&A Session: The session concluded with an engaging Q&A segment, where participants had the opportunity to ask questions and clarify their doubts. Prof. Gavande addressed various queries related to patent law, the application process, and specific scenarios faced by the attendees. This interactive segment allowed participants to gain deeper insights into the complexities of patenting and receive personalized advice from the expert.

Sample Questions and Answers:

- **Question:** What are the common mistakes to avoid when filing a patent application?

Answer: Common mistakes include insufficient documentation, inadequate prior art search, and poorly drafted claims. It's crucial to provide detailed descriptions and seek professional help.

- **Question:** How can small inventors protect their inventions if they cannot afford the patenting costs?

Answer: Prof. Gavande suggested exploring provisional applications to secure a filing date at a lower cost initially and seeking funding or partnerships to cover full patenting costs later.

(Handwritten Signature)
PRINCIPAL
Siddharth Library and Information Science College

The first day of the FDP on Intellectual Property Rights was a resounding success, providing participants with a comprehensive understanding of patents and the patenting process. Prof. Gavande's expertise and practical insights equipped the attendees with valuable knowledge to navigate the complexities of patenting, fostering a deeper appreciation for the role of patents in innovation and intellectual property protection.

Day 2: Plagiarism

Date: 04/01/2022

Key Speaker: Prof. Nitin Magar, Institute of Engineering and Technology Kannad

Topic: Plagiarism

Session Overview: The second day of the FDP was dedicated to addressing the critical issue of plagiarism. Prof. Nitin Magar from the Institute of Engineering and Technology Kannad served as the key speaker. With a deep understanding of academic integrity and mechanisms for preventing plagiarism, Prof. Magar provided invaluable insights to the participants.

Key Highlights:

Understanding Plagiarism: Prof. Magar commenced the session by defining plagiarism and elucidating its various forms. He highlighted the significance of academic integrity and the detrimental effects of plagiarism on individuals and institutions.

Key Points Covered:

- **Definition of Plagiarism:** Plagiarism was defined as the act of using someone else's work or ideas without proper attribution, presenting them as one's own.
- **Forms of Plagiarism:** Prof. Magar explained the different forms of plagiarism, including direct plagiarism, self-plagiarism, mosaic plagiarism, and accidental plagiarism.
- **Importance of Academic Integrity:** The session emphasized the value of maintaining honesty and integrity in academic work, promoting trust, and upholding the credibility of educational institutions.

Detection and Prevention: The session then focused on the tools and techniques available for detecting and preventing plagiarism. Prof. Magar demonstrated the use of plagiarism detection software and shared best practices for ensuring originality in academic work.

PRINCIPAL

Key Tools and Techniques:

- **Plagiarism Detection Software:** Prof. Magar showcased several plagiarism detection tools such as Turnitin, Grammarly, and Copyscape. He demonstrated how these tools can identify instances of plagiarism by comparing submitted work against a vast database of academic papers, web pages, and other sources.
- **Best Practices for Maintaining Originality:**
 - **Proper Citation:** Ensuring all sources are appropriately cited.
 - **Paraphrasing:** Teaching students how to paraphrase effectively while retaining the original meaning.
 - **Original Research:** Encouraging students to conduct original research and present their findings uniquely.
 - **Awareness and Education:** Conducting workshops and seminars to educate students and faculty about plagiarism and its consequences.

Policies and Penalties: Prof. Magar discussed the policies related to plagiarism at educational institutions and the penalties for violations. He underscored the necessity for clear guidelines and consistent enforcement to deter plagiarism.

Key Points Covered:

- **Institutional Policies:** The session highlighted the importance of having well-defined plagiarism policies that outline what constitutes plagiarism, procedures for addressing suspected cases, and the consequences for violations.
- **Penalties for Plagiarism:** Prof. Magar detailed the range of penalties for plagiarism, from warnings and redoing assignments to more severe consequences like failing courses or expulsion. He emphasized the need for proportional penalties based on the severity of the offense.
- **Consistency in Enforcement:** The importance of applying policies consistently to maintain fairness and integrity was stressed. Inconsistent enforcement can undermine the credibility of the institution's commitment to academic integrity.

Interactive Discussion: The session concluded with an interactive discussion, where participants had the opportunity to share their experiences with plagiarism and discuss strategies for fostering a culture of originality and honesty in academia.

Discussion Highlights:

- **Challenges Faced:** Participants shared various challenges they encountered in detecting and addressing plagiarism, such as students' lack of understanding of proper citation practices and the ease of access to information online.
- **Strategies for Improvement:** The discussion included strategies to improve plagiarism prevention, such as incorporating plagiarism education into the curriculum, using technology to assist in detection, and creating an environment that encourages original thinking.
- **Role of Educators:** The crucial role of educators in modeling academic integrity and providing guidance to students on how to conduct ethical research and writing was highlighted.

The second day of the FDP on Intellectual Property Rights effectively addressed the critical issue of plagiarism. Prof. Nitin Magar's comprehensive insights equipped participants with the knowledge and tools necessary to detect and prevent plagiarism, ensuring the maintenance of academic integrity within their institutions. The interactive discussions fostered a collaborative environment, encouraging the exchange of ideas and experiences among participants.

Day 3: Copyright Act 1957

Date: 05/01/2022

Key Speaker: Prof. Aqeel Shaikh, Maulana Azad College Aurangabad

Topic: Copyright Act 1957

Session Overview: The final day of the FDP was focused on the Copyright Act of 1957, with Prof. Aqeel Shaikh from Maulana Azad College Aurangabad as the key speaker. Prof. Shaikh, an expert in copyright law, provided participants with a detailed understanding of the act and its implications for educational institutions. His insights covered historical contexts, key provisions, and practical applications of the law.

Aurangabad, 431002 (MS.)

Key Highlights:

Overview of Copyright Law: Prof. Shaikh began the session by providing a comprehensive overview of the Copyright Act of 1957. He explained the historical context in which the act was enacted and its evolution over time to accommodate new forms of media and technological advancements.

Key Points Covered:

- **Historical Context:** Prof. Shaikh discussed the origins of the Copyright Act of 1957 and its significance in protecting the rights of creators in India. He highlighted the act's alignment with international conventions and treaties on intellectual property.
- **Key Provisions:** The session detailed the key provisions of the act, including:
 - **Rights Granted to Creators:** Exclusive rights to reproduce, distribute, perform, and display their works.
 - **Moral Rights:** Rights of creators to protect the integrity of their work and claim authorship.
 - **Economic Rights:** Rights related to the commercial exploitation of the work, such as royalties and licensing.
- **Limitations and Exceptions:** Prof. Shaikh explained the limitations and exceptions to copyright protection, such as fair use, educational use, and public domain works. These exceptions allow for certain uses of copyrighted material without the need for permission from the copyright holder.

Copyright in the Digital Age: The session then addressed the challenges and opportunities posed by digital technologies for copyright protection. Prof. Shaikh discussed the impact of the internet and digital media on the enforcement and management of copyright.

Key Points Covered:

- **Digital Piracy:** Prof. Shaikh highlighted the issue of digital piracy, where copyrighted works are illegally copied and distributed online. He discussed the economic impact of piracy on creators and the legal measures available to combat it.

Science College, Padegaon,
Aurangabad 431002 (M.S.)

- **Fair Use in the Digital Age:** The session covered how the concept of fair use applies to digital content, including the use of copyrighted material in online education, research, and media.
- **Technological Protection Measures:** Prof. Shaikh discussed the role of digital rights management (DRM) and other technological measures in protecting copyrighted works online. He also addressed the legal challenges associated with enforcing these measures.
- **Global Implications:** The discussion included the global nature of digital copyright issues and the need for international cooperation in enforcement.

Case Law and Examples: To illustrate the practical application of copyright law, Prof. Shaikh presented several case law examples and real-world scenarios. These examples helped participants understand how copyright disputes are resolved and the legal precedents that guide these decisions.

Participant Engagement: The session concluded with an engaging discussion where participants had the opportunity to ask questions and share their experiences with copyright issues. Prof. Shaikh provided insightful answers and practical advice for managing copyright in academic settings.

Discussion Highlights:

- **Handling Copyright in Academia:** Participants discussed challenges related to using copyrighted materials in teaching and research. Prof. Shaikh provided strategies for obtaining permissions and using materials within the bounds of fair use.
- **Copyright Policies:** The discussion included the importance of having clear copyright policies in educational institutions and the role of faculty in educating students about copyright issues.
- **Future Trends:** Participants and Prof. Shaikh explored emerging trends in copyright law, such as the impact of artificial intelligence on copyright and the evolving nature of digital content.

The third day of the FDP on Intellectual Property Rights provided a thorough understanding of the Copyright Act of 1957, with Prof. Aqeel Shaikh delivering a detailed and engaging presentation. The session covered the historical context, key provisions, and modern challenges of copyright law, equipping participants with the knowledge to navigate copyright issues in the digital

age. The interactive discussions and case studies enriched the learning experience, making the session highly relevant and practical for academic professionals.

Overall: The three-day online FDP on Intellectual Property Rights at Siddharth Library and Information Science College was a resounding success. The program provided valuable insights into patenting, plagiarism, and copyright law, equipping faculty members with the knowledge and tools needed to navigate the complex landscape of intellectual property. The event was well-organized and featured expert speakers who engaged the participants effectively. The sessions were interactive, informative, and highly relevant to the academic community.

Invitation Letter

Date: 28-12-2021

To,

Dr. C.S. Padmavat

ICEEM College,

Aurangabad.

Subject: Invitation to Speak at Online FDP on Intellectual Property Rights.

Dear Dr. Padmavat,

On behalf of Siddharth Library and Information Science College, Padegaon, Aurangabad, I am pleased to extend an invitation to you to be a distinguished speaker at our upcoming **Three-Day Online Faculty Development Program (FDP) on Intellectual Property Rights** scheduled from **3rd January 2022 to 5th January 2022**.

The FDP aims to provide an in-depth understanding of various facets of Intellectual Property Rights, and we are honored to have experts like you contribute to this initiative. We would be grateful if you could lead a session on **"Patenting"** on **3rd January 2022**. Your extensive knowledge and expertise in this field will greatly benefit our participants and enrich the overall program.

We will ensure that all necessary arrangements for the online session are made in advance and will provide you with the technical details and platform information well before the event.

Your participation would be greatly appreciated and will contribute significantly to the success of our FDP. Please let us know if you have any specific requirements or if there are any additional details you need.

Thank you for considering our invitation. We look forward to your positive response.

Warm regards,

Received

Invitation Letter

Date: 28-12-2021

To,

Prof. Nitin Magar

Institute of Engineering and Technology,

Kannad, Aurangabad.

Subject: Invitation to Speak at Online FDP on Intellectual Property Rights.

Dear Prof. Magar,

We are delighted to invite you to be a distinguished speaker at our upcoming Three-Day Online Faculty Development Program (FDP) on **Intellectual Property Rights**, which will be held from **January 3, 2022, to January 5, 2022**. The FDP is organized by **Siddharth Library and Information Science College, Padegaon, Aurangabad**.

We would be honoured if you could present on the topic of "**Plagiarism**" during the program. Your session is scheduled for **January 4, 2022**. Your expertise and insights on this crucial topic will greatly contribute to the participants' understanding of Intellectual Property Rights and the importance of academic integrity.

This online event will provide an excellent platform for sharing knowledge and engaging in meaningful discussions, and we are confident that your contribution will be invaluable.

Please confirm your availability for this date at your earliest convenience. Should you have any questions or require additional information, feel free to contact us. We will be glad to provide further details and support to facilitate a successful session.

Thank you for considering our invitation. We look forward to your positive response.

Warm regards,

Received

Dr. C.S. Padmavat
ICEEM College,
Aurangabad.

Dear Dr. Padmavat,

I am writing to express our sincere gratitude for your outstanding presentation on the "Patenting" during the three-day online Faculty Development Program (FDP) on "Intellectual Property Rights" held from January 03, 2022, to January 05, 2022, at Siddharth Library and Information Science College, Padegaon, Aurangabad.

Your insightful lecture on January 03, 2022, highlighted the critical importance of integrating knowledge and methodologies from various disciplines to achieve comprehensive and innovative research outcomes. The examples of successful interdisciplinary projects and the strategies you provided for fostering collaboration among researchers were particularly enlightening and have left a lasting impact on all the participants.

We deeply appreciate the time and effort you dedicated to preparing and delivering such a compelling presentation. Your expertise and practical advice have provided our faculty members and researchers with valuable tools and perspectives that will undoubtedly enhance their research endeavours. The session's interactive nature and your thoughtful responses to the participants' questions further enriched the learning experience.

Thank you once again for contributing to the success of our FDP. We look forward to the possibility of future collaborations and hope to continue benefiting from your vast knowledge and experience.
